

ABSTRACT

The Translation of Short Story “The Young Tsar Into Indonesian”. A project English Departement. Faculty of Letters. Gunadarma University. Depok 2011

The writer choose this short story because it is very interesting to read. The story teach us how to be a good leader, how to be a wise man, and this could be a motivation for many people. The writer has interested in translating English short story article into Indonesian, which the source language text is taken from the article on <http://www.online-literature.com/tolstoy/2732>. the aim of this research is to find out translation of short story “The Young Tsar” into Indonesian and to find out the difficulties and solution. The problem that writer found in translation this short story are the translation of long sentences and several word that cannot be translated into Indonesian because there is no equivalent or the word such like name at place or title. This short story tells about a young Tsar who dreaming about the effect in the future of all his policy that he made and then he realize that he has looking the way out for that problem.
