Scientific Research. Informatics Techniques. Faculty of Industry Technology.

Gunadarma University, 2014.

Keywords: Main Exam, Web, E-service, Gunadarma University.

(xii + 80+ Attachment)

       Main exam is a test phase that will be passed by every student at Gunadarma University in the end of each semester. Terms in the main exam are having main exam card that can be taken at counter 35 campus D.

       Gunadarma University is a university which has many students from all categories. In general, two weeks before the main exam is held, the main exam part will open the counter for taking the main exam card. Constraints in the main exam card-making is on students who less active, students who works while study or students among the workers who can't take the test card on weekdays at main exam's counter. With the advancement of technology especially in the field of internet, the writer takes the initiative to create a web that can be used by any Gunadarma University students who wants to find information about the main exam schedule and want to print the test card online. This web is using PHP, HTML, Java Script also using MySQL database.
