*This research aims to identify the coverage of the David Ozora Assault Case by Mario Dandy in the online media outlets Kompas.com and Detik.com in the February-March 2023 editions. The research employs Robert N. Entman's framing analysis method with a qualitative descriptive approach. The four stages of Entman's Framing include: Define problem, Diagnose cause, Make Moral Judgment, and Treatment Recommendation. Based on the analysis results of each news article on Kompas.com and Detik.com, both media outlets seek to fulfill public needs by reporting on the phenomenon of the David Ozora assault case by Mario Dandy, with differing emphases. Kompas.com emphasizes the discrepancies in officials' wealth reports and the role of social media in the context of the assault, while Detik.com focuses more on the assault itself and its impact on the perpetrator.*
