***Group Communication in Increasing Solidarity in Jakmania Bojong Kulur***

*Keywords: Group Communication, Solidarity, Jakmania*

*(xii + 50 + appendices)*

*Group communication can be defined as face-to-face interaction between three or more people, with a known purpose, for example to share information, solve problems where members can remember the personal characteristics of other members accurately. This research is aimed at finding out what kind of group communication is carried out by Jakmania Bojong Kulur to increase solidarity. The research method used is descriptive qualitative. The collection techniques used in this research are observation, interviews, documentation. The results of this research indicate that the group communication pattern carried out by Jakmania Bojong Kulur is participatory and optimum communication. This means that all elements in Jakmania Bojong Kulur can communicate with each other.*
